

4M Micro Pod – Empty
\$12,300.00

Compact and highly adaptable, the 4M Micro Pod – Empty provides an 8 m² footprint (L 3.93 m × W 2.24 m × H 2.36 m) and comes ready with electrical fittings, a side push-out window and top spotlight. It's designed for a wide range of uses — from a backyard studio or portable office to smart storage or relaxation space — thanks to its durable steel-frame structure, insulated panels and modern finishes.

Key Features

- **Compact & Efficient:** 3.93 m × 2.24 m × 2.36 m footprint with approx. 8 m² of flexible interior space.
- **Lightweight & Portable:** Weighs only ~1,100 kg for easy transport and setup.
- **Ready for Custom Fit-Out:** Pre-installed electrical system makes it simple to tailor to your needs.
- **Flexible Interior:** Empty layout allows you to use it as an office, studio, cabana, or storage unit.
- **Durable Construction:** Built with a galvanized steel frame and insulated panels for lasting strength and comfort.

The 4 M Micro Pod – Empty is a versatile 8 m² modular unit (L 3.93 m × W 2.24 m × H 2.36 m) designed for flexible use. With a durable steel frame, insulated panels, and pre-installed electrics, this pod is ready for you to customize as a backyard office, studio, guest space or storage unit.

Feature	Details
Folded Size	3.93 m × 2.24 m × 2.36 m – compact for easy transport
Expanded Size	8 m ² of flexible interior space
Weight	Lightweight at 1,100 kg per unit
Frame	Durable galvanised steel structure
Walls	Aluminium-plastic exterior with insulated polyurethane core
Flooring	2 mm wear-resistant PVC for long-lasting use
Windows	Double-layer insulated tempered glass
Doors	Thermally broken aluminium alloy for strength & energy efficiency
Use Cases	Ideal as a portable office, movable home, cabana, or storage unit

Each 4M Micro Pod – Empty is delivered in its folded form for efficient transport and minimal site disruption. On-site expansion typically takes 1 day. The delivery timeframe is approximately 2-3 months, including factory build and freight.

Utilities & Connections

- **Electrical Ready:** Pre-wired and ready for easy connection.
- **Solar-Ready:** Compatible with off-grid solar systems (solar system not included).
- **HVAC Flexibility:** Designed for split or portable AC/heating units.
- **Professional Installation:** All connections should be completed by licensed trades.

Optional Upgrades

- **Cabinet Sets:** Built-in storage or wardrobe solutions to maximise space.
- **Custom Storage:** Tailor interior layouts with additional storage options.

Warranty & After-Sales Support

- **3-Year Coverage:** Protection for the external structure and weatherproofing.
- **1-Year Coverage:** For all internal fittings and fixtures.
- **Returns Policy:** Returns not accepted once production has begun.
- **After-Sales Support:** Full support provided for any manufacturing defects.

4M Micro Pod – With Bathroom
\$13,100.00

Compact, efficient and designed for convenience — the 4M Micro Pod – With Bathroom is an 8 m² modular space complete with a built-in bathroom including shower and toilet, full plumbing and electrical ready to go. Ideal as a guest space, backyard studio or portable workspace.

Key Features

- **Compact Footprint:** 3.93 m × 2.24 m × 2.36 m — efficient size for tight or flexible sites.
- **Fully Equipped Bathroom:** Includes a built-in shower and toilet for instant usability.
- **Ready for Hookup:** Comes with pre-installed plumbing and electrical systems.
- **Lightweight & Portable:** Weighs approximately 1,100 kg for easy transport and placement.
- **Multi-Purpose Design:** Ideal as an office, guest unit, cabana, or secure storage space.
- **Modular & Mobile:** Designed for quick installation, relocation, and integration into larger setups.

This compact pod (approx. 3.93 m × 2.24 m × 2.36 m) provides ~8 m² of space in a stylish, portable format.

Inside you'll find a fully-equipped bathroom (shower + toilet) along with wall cabinets and a pull-out bed frame—ideal for guest stays, a backyard retreat, or a compact home office.

Built with a galvanised steel structure, insulated walls, double-glazed windows and full plumbing and electrical systems pre-installed for quick setup.

Feature	Details
