

The Halo 20

COMPACT CABIN COLLECTION · PRODUCT BROCHURE

20ft Apple Cabin

A light-filled compact cabin with panoramic glazing, an integrated kitchenette and a private bathroom.

20FT APPLE CABIN

A compact cabin shaped by light.

Panoramic glazing opens the main room to its surroundings, while the kitchenette and bathroom are consolidated into a clear, efficient service zone.

5,806 mm EXTERNAL LENGTH	2,236 mm EXTERNAL WIDTH	2,530 mm EXTERNAL HEIGHT
---	--	---

INSIDE THE PLAN

- Open living zone**
A flexible main room framed by a broad glazed facade.
- Linear kitchenette**
Cabinetry, marble-look benchtop and sink arranged along the service wall.
- Private bathroom**
Washbasin, mirror, sliding shower enclosure and toilet in a separate wet area.

EXTERIOR EXPRESSION

A facade designed around the view.

Rounded corner detailing, contrasting frames and an expansive glazed elevation give the compact form a distinctive architectural presence.

ILLUSTRATIVE COLOURWAYS SHOWN. FINAL COLOUR AND FINISH SELECTIONS ARE CONFIRMED IN PROJECT DOCUMENTATION.

KITCHENETTE

Everyday utility in one clean line.

The kitchenette sits along the solid rear wall, preserving the openness of the glazed living zone.

CABINET HEIGHT

Approx. 900 mm high, based on the supplied specification.

BENCHTOP

Marble-look cabinet countertop with integrated sink.

INCLUDED

One kitchenette cabinet unit. Final layout, colour and fittings are confirmed in project documentation.

BATHROOM

A complete private wet area.

The bathroom is enclosed behind a sliding internal door, keeping wet-area functions separate from the main cabin.

01 Washbasin

One hand washbasin with vanity board and mirror.

02 Shower

One sliding glass shower enclosure with an 80 mm ABS base.

03 Toilet

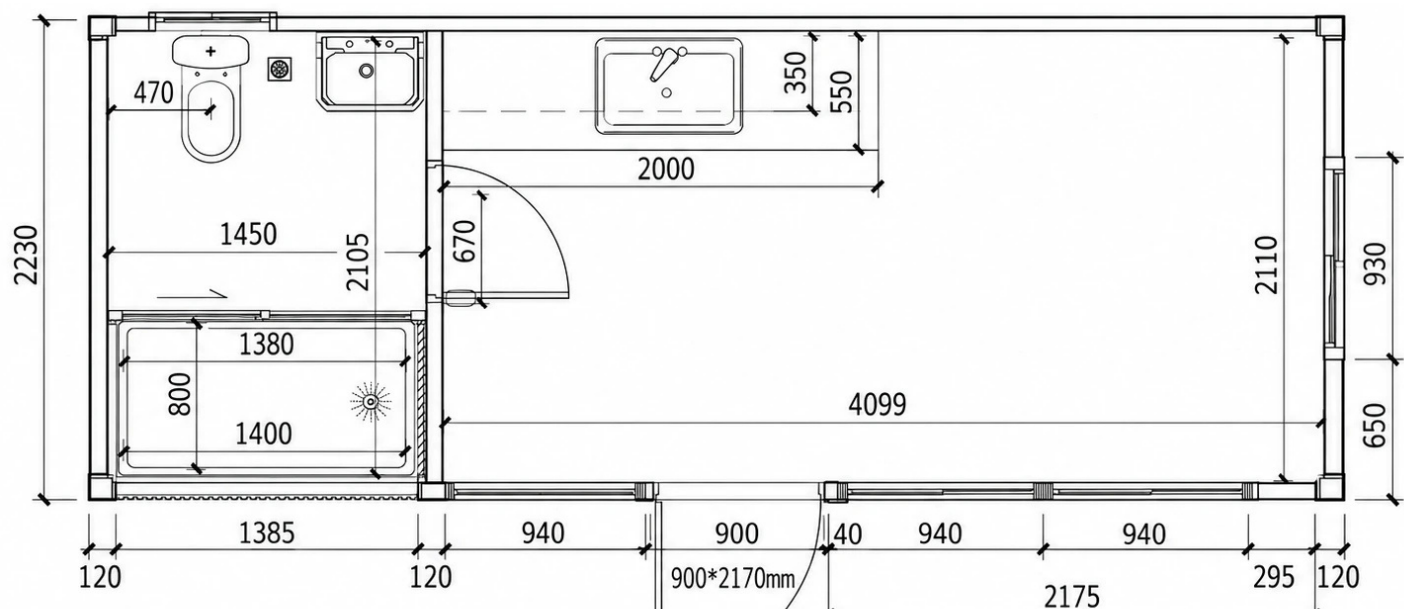

One toilet within the enclosed bathroom.

LAYOUT

Two plan references. One compact footprint.

The supplied drawings show the same overall cabin organised around an open main room, linear kitchenette and enclosed bathroom.

5.806 m EXTERNAL LENGTH	2.236 m EXTERNAL WIDTH	1 BATHROOM
---	--	----------------------------------

Plan dimensions are reproduced from the supplied product documentation. Confirm all measurements, openings and service locations against final approved drawings before manufacture.

SPATIAL VIEW

Two ways to imagine the interior.

Illustrative top views demonstrate how the open room can support either a sleeping-focused or lounge-focused arrangement.

FURNITURE AND STYLING ARE ILLUSTRATIVE AND MAY NOT FORM PART OF THE STANDARD INCLUSION PACKAGE.

STANDARD SPECIFICATION

The core build-up.

FLOOR

Steel-tube main frame, 15 mm magnesium oxide board and 2 mm PVC finished flooring.

CENTRAL ROOF ZONE

3 mm external steel panel with 15 mm magnesium oxide board insulation; total nominated build-up approximately 125 mm.

BATHROOM DOOR

Single-opening internal door with three keys, approx. 700 × 2,035 mm.

BATHROOM WINDOW

One double-layer tempered glass window, approx. 600 × 600 mm.

PLUMBING

PPR water pipework and PVC drainage pipework, configured to the agreed project specification.

ROOF & WALL SYSTEM

50 mm EPS sandwich panel with 0.5 mm steel skins and an internal decorative ceiling.

GLAZED FACADE

Double-glazed aluminium-frame sliding glass door with three keys, approx. 5,600 × 2,135 mm; black or white frame.

SIDE WINDOW

Outward-opening composite RV-style window with sunshade.

ELECTRICAL FIT-OUT

Distribution junction box, ceiling lights, switches and sockets. Final component standards and licensed connection requirements must be confirmed for Australia.

INDICATIVE PRODUCTION

Approximately 28 days after approved specifications, subject to factory schedule and signed order documentation.

FINISH SELECTIONS

A restrained material palette.

Select a front and rear panel colour below. Frame colour is available in black or white; availability and batch variation are confirmed before order.

FRONT AND REAR PANEL COLOUR

GREY

YELLOW

BLUE

MINT GREEN

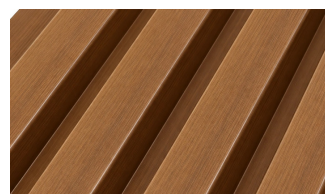

TERRACOTTA
